The Arbitrator shall have no power or authority to amend, alter or modify this Agreement either directly or indirectly. If the issue of arbitrability is affirmatively decided, the arbitration award shall not be retroactive earlier than seven (7) calendar days prior to the date the grievance was first submitted to Step 1. Any discharge shall be deemed final and binding upon the employee, the Union, and the City, if no such request for an investigation is made within that period of time. If upon investigation by the Union and Employer it shall be found that an employee has been unjustly discharged, such employee shall be reinstated to his former position without any loss of seniority or rank and shall suffer no reduction in salary and shall be compensated by the Employer for all time lost retroactively to the date of discharge, less any earning of the employee elsewhere, unless it should be determined in such investigation that some penalty other than discharge should be applicable as proper discipline for such employee.

ARTICLE 10 - VACATION

Section 1. Accumulation of Vacation Leave. Paid vacation time will only be allowed to full-time employees where it has been scheduled in advance and approved by the City Manager. Employees shall be eligible for annual vacations with pay on the following basis:

- After one (1) year, fifteen (15) days off;

- After one (1) year, ten (10) days off;
- After five (5) years, fifteen (15) days off;

After ten (10) years or more, twenty (20) days off.

New employees will not be credited with vacation leave until they have completed their six (6) month probationary period.

Section 2. Use of Vacation Leave. Accumulated vacation leave shall be taken during the calendar year following the one in which it was earned. Upon approval of the City Manager, unused vacation may be carried forward for one (1) year if circumstances warrant. Otherwise, accumulated vacation time shall be lost if it is not taken, and in no event shall vacation time be carried forward the second year. Employee requests to be paid for unused vacation time shall be submitted to the City Council for its consideration, other than in the case of satisfactory termination.

Annual vacation leave shall not be allowed in advance of being earned and credited. If an employee has insufficient annual leave credits to cover a period of absence, payroll deduction for the time lost shall be made for the work period in which the absence occurred.

An employee on vacation leave shall have one (1) day of vacation credit canceled for each day he would have worked during the normal work-week and shall be paid at the rate he would have earned on that particular day.

Vacation leave shall be considered as a matter of right, and if canceled, because of work necessity shall be rescheduled if possible, or if not, it shall be paid for at straight time as extra compensation.

Section 3. Vacation Scheduling. Vacation time shall be scheduled so as to cause the least interruption of the work of the Department. Vacations shall not be scheduled for periods of less than one (1) week at any one time without approval of the City Manager.

If any holiday recognized by the City falls within the annual vacation period of an employee, an additional day of vacation leave shall be granted. Vacation time, sick leave, or absence because of duty-connected disability shall be counted as days worked in calculating vacation leave credits.

Section 4. Vacation Severance. Employees who voluntarily sever employment with the City shall be required to give two (2) work weeks notice of their intentions in order to be eligible for vacation pay at the discretion of the City Manager. Those who are discharged or laid off shall receive vacation pay at the discretion of the City Manager. Vacation time taken after notice of intention to sever employment with the City shall not be considered as part of the two (2) working weeks required notice.

Employees leaving the service of the City before the close of the calendar year shall receive vacation pay prorated in accordance with their annual vacation allowance as compared to the time worked, figured to the nearest half-day.

ARTICLE 11 - SICK LEAVE

Section 1. Accumulation of Sick Leave. Full-time employees shall accumulate sick leave credits at the rate of one (1) day for each month of employment. In no event shall the accumulation of sick leave credits exceed twelve (12) days during any one calendar year.

Vacation time, sick leave or absence because of duty-connected disability shall be counted as days worked in calculating sick leave credits. An employee shall not be entitled to paid sick leave until he has completed the six (6) month probationary period. Upon the successful completion of the six month period, a new employee shall have a bank of six (6) days,

Employees may accumulate unused sick leave credits up to a maximum of one hundred twenty (120) working days. After an employee has accumulated one hundred twenty (120) sick days, he/she may choose to sell back to the City up to one-half (1/2) of the net accumulated days for the calendar year while canceling out the other one-half (1/2) of the accumulated sick days over one hundred twenty (120) working days. Employees who were hired prior to July 1, 1988, and who have accumulated more than one hundred twenty (120) sick days as of July 1, 1996, shall be allowed to retain their days over one hundred twenty (120) provided that the maximum accumulation shall not exceed one hundred fifty (150) days. The City will purchase one-half (1/2) of the days accumulated by any employee in excess of the maximum accumulation established by this Article.

Sick leave accruals shall be retained by an employee in each of the following cases: An employee who has been granted leave without pay; an employee who transfers from one classification or Department to another; a full-time classified employee who is recalled from layoff.

Section 2. Use of Sick Leave. Employees will receive pay for earned sick time only when the employee, or their representative, has called and notified the City Manager's office of intended absence.

An employee on paid sick leave shall have one (1) day of sick leave credit canceled for each day he would have worked during the normal work week. Any absences from a fraction or part of the day shall show on the employee's time sheet. Absences in excess of two (2) hours chargeable to sick leave shall be charged proportionately in an amount not smaller than one-quarter (1/4) of a day. Employees will be paid at the rate they would have earned on that particular day.

Sick leave may be taken for any one of the following reasons and is so to be considered as a matter of grace rather than a matter of right:

- A. Any illness an employee may incur.

B. Any exposure to contagious disease the employee may experience, in which the health of others would be endangered by their attendance on duty.

C. Any non-duty connected disability an employee may sustain, (but this does not include any injury that may be sustained while being temporarily in the employ of another during the employee's off time, or such injury that may be sustained as a result of a conviction of the violation of an ordinance or law.)

D. For illness or injury to the employee's immediate family which necessitates an employee's absence from work. "Immediate family" in such case shall include the following: Mother, father, sister, brother, spouse, child, grandparent or related member of the employees household. A "related member" shall be a person who resides in the same household as the employee and for whom the employee is principally responsible for the physical or financial care. The employees absence for injury or illness to the employee's immediate family shall be granted where the employee is required to be at the bedside of one of the immediate family or to make arrangements for hiring a babysitter or housekeeper, but not to exceed two (2) days of sick leave. Extensions over two (2) days for extenuating circumstances may be granted if approved in advance by the City Manager.

E. For an appointment with a doctor or dentist to the extent of time required to keep such appointment, but only when it has been shown that it is not possible to arrange such appointments for non-duty hours. Except in emergencies, appointments must be previously approved by the City Manager. An emergency appointment is one which could not have been anticipated or scheduled in advance.

A medical certificate may be required as evidence of an employees' illness or injury that prevented attendance at work, before compensation for the period will be allowed. Unauthorized use of sick leave shall be grounds for disciplinary action up to and including dismissal.

Section 3. Sick Leave While on Worker's Compensation. In case of injury or illness for which an employee is eligible for work disability benefits under the Michigan Workers' Compensation Law, the City Manager may authorize salary payment which, with his work disability payment, equals the employee's regular salary. A total of one-half (1/2) day will be charged against the employee's sick time accumulation for each full day an employee receives this additional payment. An employee may elect not to receive the supplemental salary payments at the employee's own discretion; and in this case the employee would receive only salary payment authorized under the Michigan Workers' Compensation Law, and therefore would not be charged the one-half day sick time for each day of absence.

Section 4. Exhaustion of Sick Leave. In the absence of vacation or sick leave credit, payroll deduction for the time lost shall be made for the work period in which the absence occurred. All sick leave time shall be accumulated according to the time worked during the preceding calendar year, and may be anticipated up to the date of sickness during any current year. The City Manager may grant up to five (5) days of anticipated sick time if circumstances warrant but only in the event that all sick leave accrued and current year's vacation credits have been exhausted.

Section 5. Sick Leave Extensions. In the event of a confining illness and provided the sick leave and vacation leave accumulations, excluding the following year's accrued vacation, have been exhausted, requests for use of the anticipated sick leave which have been recommended by the City Manager, shall be submitted to the City Council for its approval or disapproval. The City Council may, at its own discretion and will, study and evaluate the employee's personnel record, past performance, and present circumstances. If, in its opinion, the employment record warrants and if it feels it to be in the best interests of the City, the City Council may decide to authorize an extension of sick leave up to a maximum of one hundred eighty (180) working days (equal to twenty six (26) weeks or six (6) months).

The City Council may limit this extension of sick leave to twelve (12) days for each prior year of the employee's service with the City. Sick leave extensions granted by Council and actually used by the employee shall be charged against the employee's record, and repaid with sick leave credits earned when the employee returns to work.

An employee terminating employment immediately following the use of a sick leave extension, or within six (6) months after returning to work, will not be paid for accrued vacation time. No vacation leave will be allowed during the first three (3) months after returning to work. With the approval of the City Manager, an employee may use his accrued vacation time as sick leave if all sick leave, sick leave extensions, and current vacation leave have been used.

Section 6. Payment at Separation. An employee who voluntarily separates from the employment of the City shall be paid for fifty (50%) percent of up to sixty (60) accumulated sick leave days. Maximum payment under this policy will be thirty (30) working days for the first ten (10) years of employment. After ten (10) years of employment, the employee who voluntarily separates from the employment of the City shall be paid up to fifty (50%) percent of up to one hundred twenty (120) accumulated sick leave days. Maximum payment shall be seventy-five (75) working days.

ARTICLE 12 - BEREAVEMENT LEAVE

Section 1. Funeral leave may be taken for the funeral of a member of the employees immediate family. Immediate family shall be defined to include the following: mother, father, sister, brother, spouse, child, grandparent, mother-in-law, father-in-law, or related member of the employee's household. A "related" member shall be a person who resides in the same household as the employee and for whom the employee is principally responsible for the physical and financial care.

Section 2. In the event of the death of such person, the employee shall be allowed to take up to five (5) days funeral leave. The first three (3) of those days shall not be deducted from the employee's sick leave bank. Said three (3) day period shall end, on the day following the funeral of said person.

Section 3. In addition, an employee may use up to two (2) sick leave days to attend the funeral of a close friend or relative.

ARTICLE 13 - JURY DUTY

All full-time employees shall be given necessary time off, without loss of regular pay, when performing required jury duty. In the case of an employee performing jury duty, all fees received (other than meal or travel allowances) shall be returned to the City.

ARTICLE 14 - LEAVE OF ABSENCE

The City Manager may authorize salary payments in whole or in part to employees in order to permit them to attend school, visit other governmental agencies or in any other approved manner to devote themselves to systematic improvement of the knowledge or skills required in the performance of their work.

An employee may be allowed leave of absence without pay and without loss of his employment status upon approval of the City Manager. An employee will not earn vacation or sick leave benefits while on such leave, and if such leave is a period of one (1) month or longer, hospital and life insurance benefits provided by the City will be discontinued for that period, unless this leave is covered under the Family and Medical Leave Act of 1993 (FMLA) as outlined in Article 15. If FMLA applies, the employee will receive applicable benefits under this Act. Leave of absence without pay may be granted by the City Manager to an employee for a period of up to six (6) months, if so requested by the Department Head, and if provision for necessary temporary help can be made. If applicable, an employee shall be granted his or her rights under the Family and Medical Leave Act as stated in Article 15. Retirement deposits of an employee may not be withdrawn during a leave of absence.

Any absence of an employee from duty that is not authorized by the City Manager, or otherwise provided for by contract, shall be deemed to be absence without leave. Any such absence shall be without pay and subject to disciplinary action. Such absence may be covered by a subsequent grant of leave if extenuating circumstances warrant.

The employer agrees to grant a leave without pay upon prior approval of the City Manager, whose approval shall be based upon proper staffing of the Department, as follows:

(a) For Union International Conventions, which are regularly scheduled once each three (3) years, there may be one (1) employee to attend;

(b) For International Educational Conferences, which are regularly scheduled up to twice a year, there may be two (2) employees, for a maximum period of three (3) working days each, who attend.

A medical leave of absence may be granted for up to one (1) year by the City Manager upon proper recommendation from the employee's physician. This one (1) year may be extended

if extraordinary circumstances warrant. No accrual of sick leave or vacation time will be permitted during the medical leave of absence. When applicable, an employee's rights under the Family and Medical Leave Act shall be granted, as outlined in Article 15.

ARTICLE 15 - FAMILY AND MEDICAL LEAVE ACT APPLICATION

1. The City shall abide by the provisions of the Family and Medical Leave Act of 1993 for eligible employees as defined in the Act.

2. To the extent that the Act allows either the City or the employee to substitute any accrued paid annual leave and accrued paid sick leave for any of the leave provisions under the Act, nothing in this Agreement shall be construed to preclude such rights of substitution.

3. To the extent that the leave provisions under Article 10, "Vacation", Article 11, "Sick Leave", and Article 14, "Leave of Absence" provide for leave time for purposes also provided by the Act, such leave time up to twelve (12) work weeks in any twelve (12) month period, shall be credited toward the leave time allowed by the Act.

4. For purposes of any leave provided for by the Act, which is also provided for in this Agreement, those provisions of the Act relating to notice, medical certification and restoration or work will apply to the leave.

ARTICLE 16 - PROMOTION, DEMOTION & TRANSFERS

Section 1. Definition. Promotion is hereby defined as a move from a lower labor grade to a higher labor grade. It is the intention of the Employer to fill job vacancies, insofar as employees possess the requisite qualification, from within the City before hiring the new employees, provided employees are available who possess such necessary qualifications to fill the vacant position.

Section 2. Job Postings. Notice of all job vacancies shall be posted on the bulletin boards by the City within twenty (20) working days of notification by an employee of his quitting, or within twenty (20) working days after an employee has been discharged. Such notice will remain on the bulletin board for three (3) full working days, unless waived by a non-signing employees and will include job title, labor grade and brief description of the job duties, including qualifications and necessary skills. Only those employees who make application during this three day period will be considered for the job, and no employee who has failed to make application within such period for such vacant job will be permitted to file a grievance for not receiving such job and a result of such posting, except that all employees absent during the period of posting will automatically be considered as applicants. Employees will make application for such job by signing their names upon the posting and dating the same. If an internal employee is selected for the posted job, the employee shall be placed into the job within ten (10) working days after the three (3) day posting period has ended.

Section 3. Promotion Determination. Promotion shall be made on the basis of length of seniority and qualifications. If two or more employees have the same relative qualifications, the

employee with the greatest seniority shall be selected. A new employee shall be hired for such position only if it is determined by the City that all applicants for the position lack the necessary qualifications or if there are no applicants who have signed the posting.

Section 4. Temporary Promotion. An employee who is promoted to a higher position shall receive the minimum of the new job classification unless the employee's present rate is higher than the minimum rate, in which event the employee shall be placed on the appropriate interval of the new classification next above the employee's present rate. In the event the promoted employee does not perform satisfactorily within thirty (30) calendar days, such employee shall be given his former position without any loss of seniority and with the employee's prior rate, unless by reason of an intervening layoff the employee has insufficient seniority to claim the same, in which event the employee's rights shall be those applicable in the event of a layoff under the provisions of this Agreement.

Section 5. Demotion. In the event of a demotion as a result of a reduction in work force the signing of a job posting, or other circumstances, an employee so demoted shall receive his own rate, or the top rate of the classification to which the employee is demoted whichever is lower. If the employee's own rate is lower than the maximum, the employee will assume the interval to which the employee's own rate will entitle the employee the classification to which the employee is demoted.

Section 6. Temporary Assignment. Notwithstanding any other provisions of this Agreement, any employee is expected and required to perform any work within the bargaining unit to which he/she is assigned by the City up to three (3) working days for the filling of temporary vacancies caused by absenteeism, leave of absence, vacations, or other temporary shortage of personnel in the bargaining unit, provided it does not interfere with the classification to which the employee is permanently assigned. It is understood that this section will not be used to delay the posting of vacancies which have become permanent, nor the posting of new jobs, pursuant to the provisions of this Article, it is further understood that for the purpose of this Section, the City in its sole discretion shall have the right to determine whether or not a particular employee has the requisite skill, experience and ability to perform the work to which the employee is to be transferred.

Section 7. Job Vacancy. Vacancies created by promoting employees to higher classifications may be filled on a temporary basis for up to thirty (30) days. If a position is to be vacant due to a long term leave of absence or illness, the employee filling such vacancy will return to the former job and his former rate plus any adjustments and increments that have taken place when the need for filling the temporary vacancy ceases. The City shall determine if it is necessary to fill a vacancy on a full-time basis. If an employee is transferred temporarily by the City to work in a higher classification when an employee is on leave of absence or absent due to illness and the transferred employee works five (5) or more consecutive days in that position during such absence, the City shall pay the transferred employee the same step of the higher pay grade as the transferred employee has in his regular classification for all time assigned in the higher grade.

Section 8. Position Elimination. In the event an employee's job is eliminated, the employee shall have the right to transfer to any job within his classification or lower to which the employee's seniority and the qualifications entitle them.

Section 9. Technological Changes. In the event of proposed technological changes, such as the introduction of data processing equipment, computers, or other automated office machines, the Employer agrees to discuss such changes with the Steward or Alternate Steward before such changes are made.

Section 10. Training. In the event training programs are necessary for employees to qualify for such jobs, the Employer agrees to institute a training program for those employees to be displaced who wish to accept employment in the resultant automated positions. Employees to be displaced will be given first opportunity to qualify for the new positions before any persons outside the bargaining unit are hired to fill the resultant jobs.

With the ratification and signing by each party, both parties shall be relieved of any obligation to bargain collectively for the life of this Agreement on any subject or matter raised or proposed during negotiations which is not included in this Agreement; and each agrees that neither party shall be required to bargain on any matter during the life of the Agreement.

During the period of this Agreement, if both the City and the Union mutually agree to discuss any matter, whether or not it is contained in this Agreement, then any mutually agreed settlement shall be reduced to writing, ratified and approved by both parties and become a supplement to this Agreement as an Amendment.
